

Jet Black

The Newest Finish from Neoporte Modern Door

Racerback in Jet Black Finish

Stealth, sexy and secure, the new Jet Black Racerback door brings a new look to Neoporte's signature product.

Neoporte, the leader in custom stainless steel entry systems, is proud to introduce their latest finish—Jet Black. This low sheen, coated-steel entry system is just as striking as the signature product but with a more subtle finish. Each system is built to order and arrives complete—including the frame, all hardware and ready for installation

Made in the USA.

- European styling made in the USA to American Standards
- Keyless entry enabled through optional electrified locking technology
- Units come complete with all hardware, ready to install
- 10-12 week lead time with worldwide delivery, direct to job site
- Custom sizing always available
- Low sheen, rich jet black finish
- 2¼" thick door slab for added security and exceptional insulating value
- Fully welded, seamless construction
- Unparalleled security with a class 1 mortise lock standard
- Levers and locks by FSB Germany
- Sidelites, transoms and pivot systems available
